Data through September 26st.

The fall in cases continues to support a gradual relaxation of mobility restricting measures; as of September 26th, 2021, no commune is in lockdown. From the first of October, the curfew and the quarantine phase no longer apply to the entire national territory. On the other hand, more than a 98% of the population has reached the highest degree of mobility contemplated in the "paso a paso" plan.
